

TOCCO – T5

Optimize Energy Performance

- » Energy efficient LED, T8, and halogen lamps were used for lighting
- » Refrigerators, dishwasher, and convection oven are Energy Star certified

Local and Regional Materials

- » 56% of construction materials were obtained within 250 miles of the project site, primarily countertops and fiberglass panels
- » 70% of construction materials were obtained within 500 miles including glass panels

DESIGNER: Chipman Design
CONTRACTOR: Clune Construction
CONCESSIONAIRE: Westfield
