

AIRPORT TRANSIT SYSTEM (ATS) USERS –

A new and improved people mover is coming your way!

The construction of a modernized and expanded airport transit system (ATS or people mover) to serve O'Hare visitors is underway and will be complete in early Fall 2019.

In the meantime, the ATS will adopt a temporary schedule to allow for construction. The train will only operate on Saturday – Sunday (weather-permitting) through early January; and then will be closed seven – days-a-week until the system is complete in Fall 2019.

Passengers can stay connected around the terminals, the economy parking lots and Metra by taking bus shuttles in the interim. Buses operate 24-hours a day, seven-days a week to ensure prompt and reliable service while the ATS is closed for improvements.

Pick-up/drop-off locations are below:

- Upper Level Terminal 1 Vestibule 1E
- Upper Level Terminal 2 Vestibule 2D
- Upper Level Terminal 3 Vestibule 3F
- Lower Level Terminal 5 Vestibule 5E

Rental Car / Parking Lot F users please proceed to the “Rental Car” pick-up locations on the lower level of each terminal to return to our new Multi-Modal Facility.
