

HEROES at WORK

High-flying jobs at Chicago O'Hare & Midway airports

COLORING & ACTIVITY BOOK

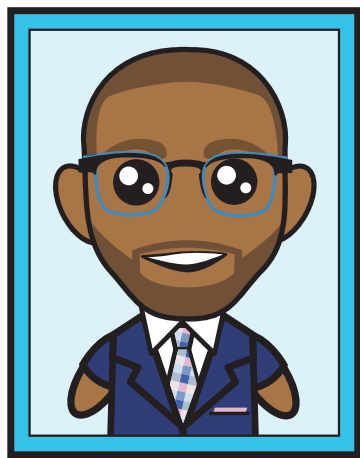

WELCOME!

Whether you're an experienced traveler with your family or you've never been on an airplane before, you should know that O'Hare and Midway International Airports play an important role in keeping Chicago connected to the rest of the world!

There are so many tradespeople whose hard work keeps our airports running so passengers can focus on getting to their destinations – like plumbers, roofers, electricians and so many others. The airports are a great place for Chicago to show travelers from all over the world how talented and hard-working the people of our great city are.

If any of the jobs you see in this book sound like something you'd want to try, we'd be proud to see you representing Chicago at our airports someday, too.

But for now, thanks for checking out this activity book. We hope you learn something and have fun, and we hope to see you at the airports soon!

Commissioner,
Chicago Department
of Aviation
Michael McMurray

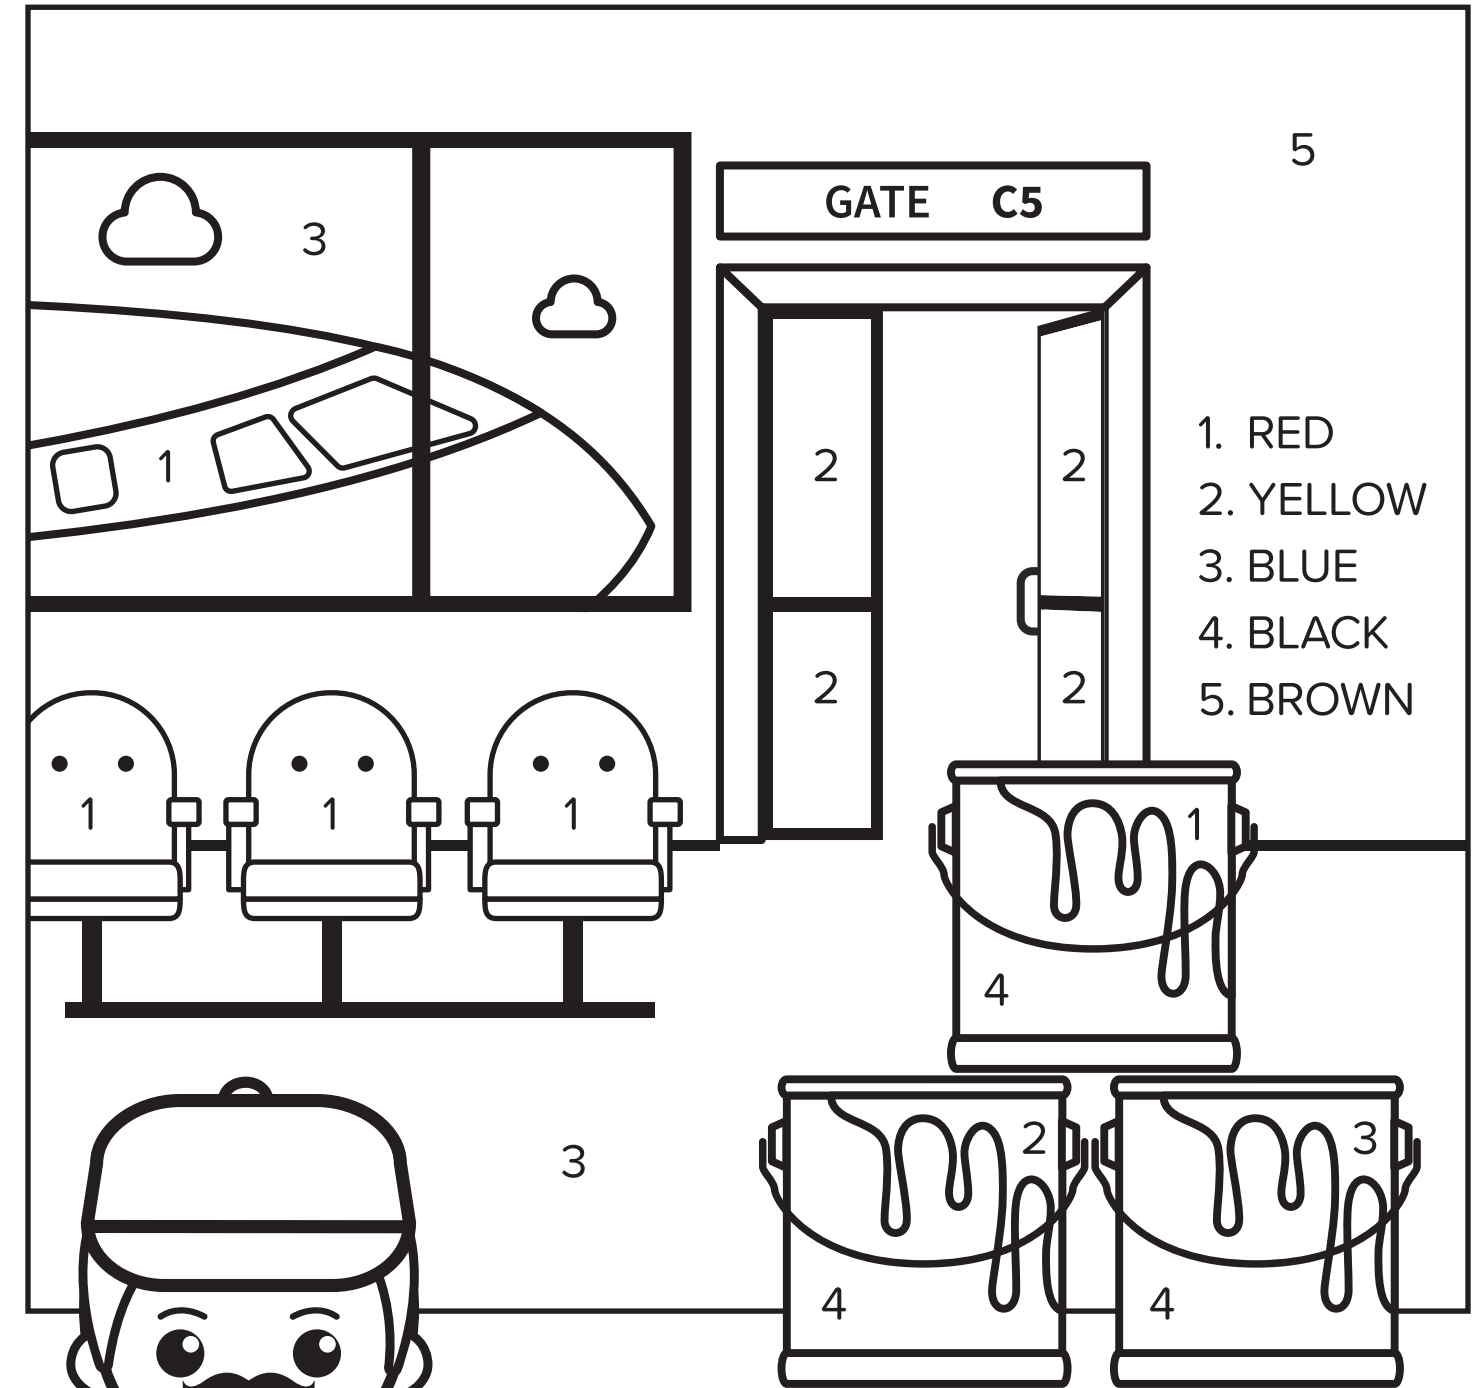

Welcome to O'Hare and Midway International Airports, and thanks for checking out this activity book!

Working at the airports isn't just for pilots and flight crews – there are all kinds of union and trade jobs at O'Hare and Midway that don't even require a college degree.

On top of all the fun games, puzzles and coloring in this book, you'll get to learn about some of the people who work hard every day to make sure our airports are clean, safe and operational for travelers like you – from carpenters to truck drivers and so much more.

Young people like you are the future of Chicago, and it's never too early to start thinking about your own future. So if you can imagine yourself in any of these jobs when you're all grown up, we'd be honored to have you at the airports!

COLOR-BY-NUMBERS.

1. RED
2. YELLOW
3. BLUE
4. BLACK
5. BROWN

I'M A PAINTER.

I make things look beautiful using brushes and rollers to spread paint onto walls, ceilings, and even furniture. I make spaces feel cozy, cheerful, or exciting with the colors I choose.

LABORER & TRUCK DRIVER.

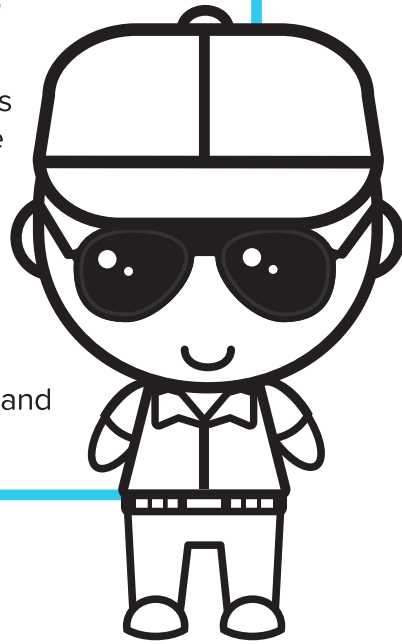

I'M A LABORER.

I am a jack-of-all-trades, lending a hand wherever it's needed to get the job done! I can move heavy stuff, clean up, or just help out.

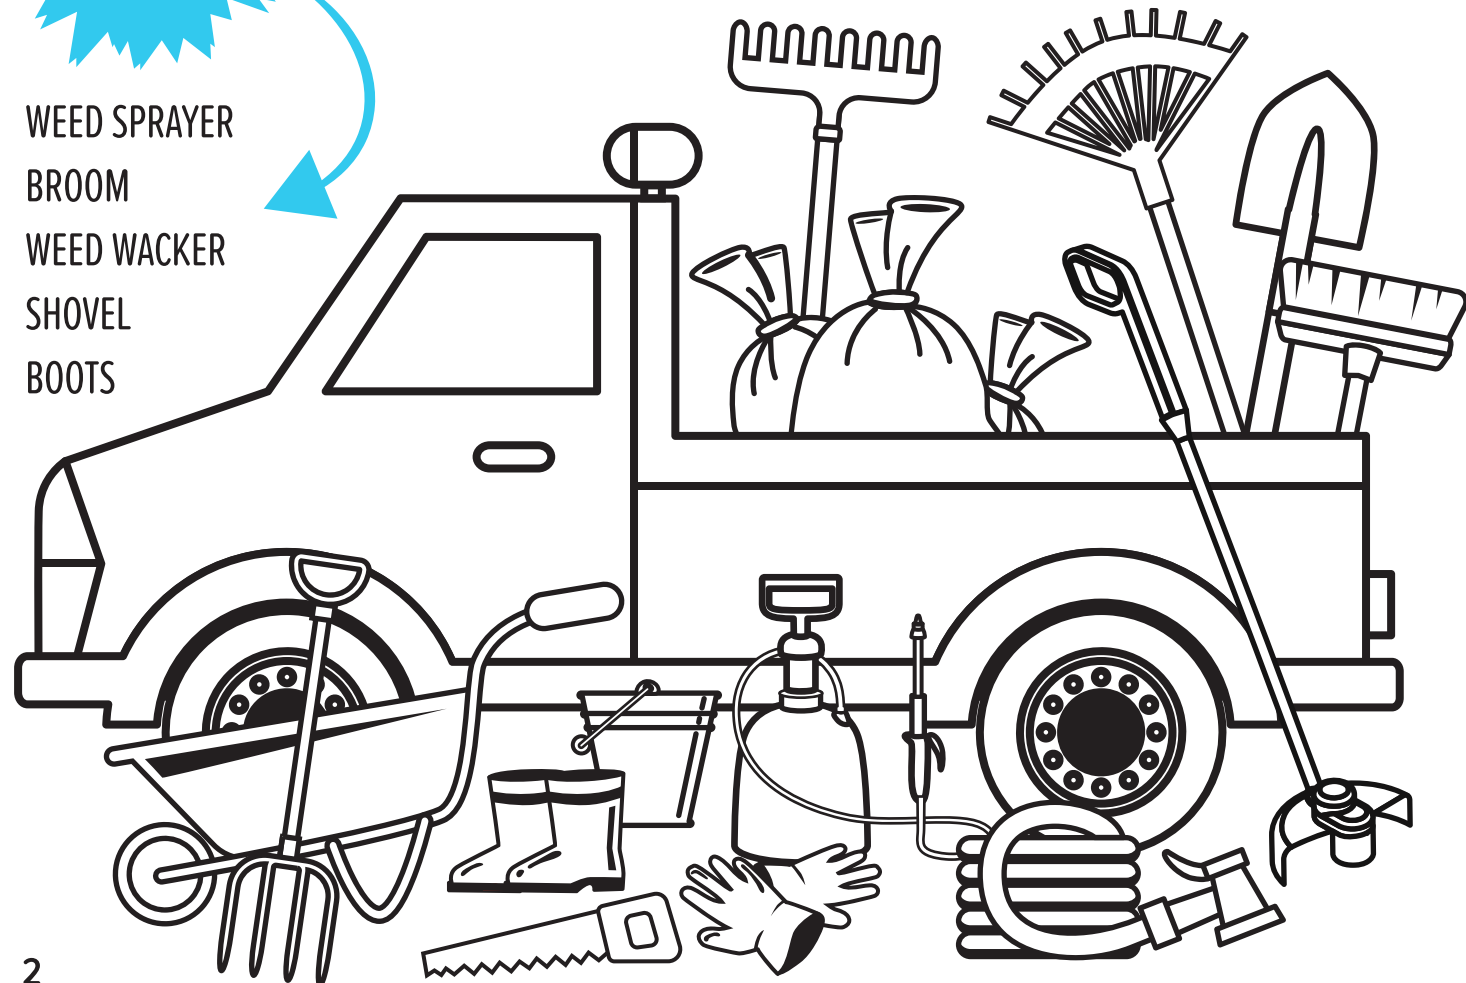

I'M A TRUCK DRIVER.

I transport all kinds of things from one place to another. No matter the weather, I make sure all the important things get to where they need to go safely and on time.

CAN YOU FIND THESE ITEMS?

- WEED SPRAYER
- BROOM
- WEED WACKER
- SHOVEL
- BOOTS

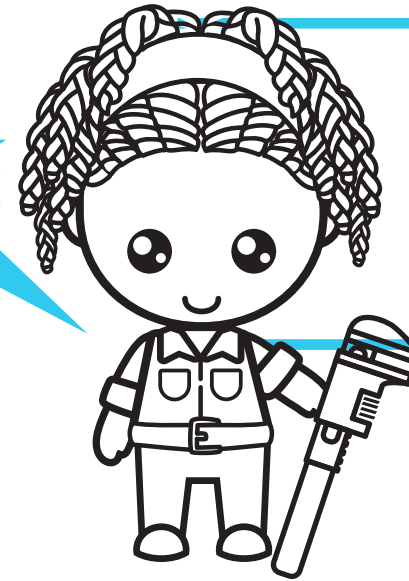

PLUMBER & PIPE FITTER.

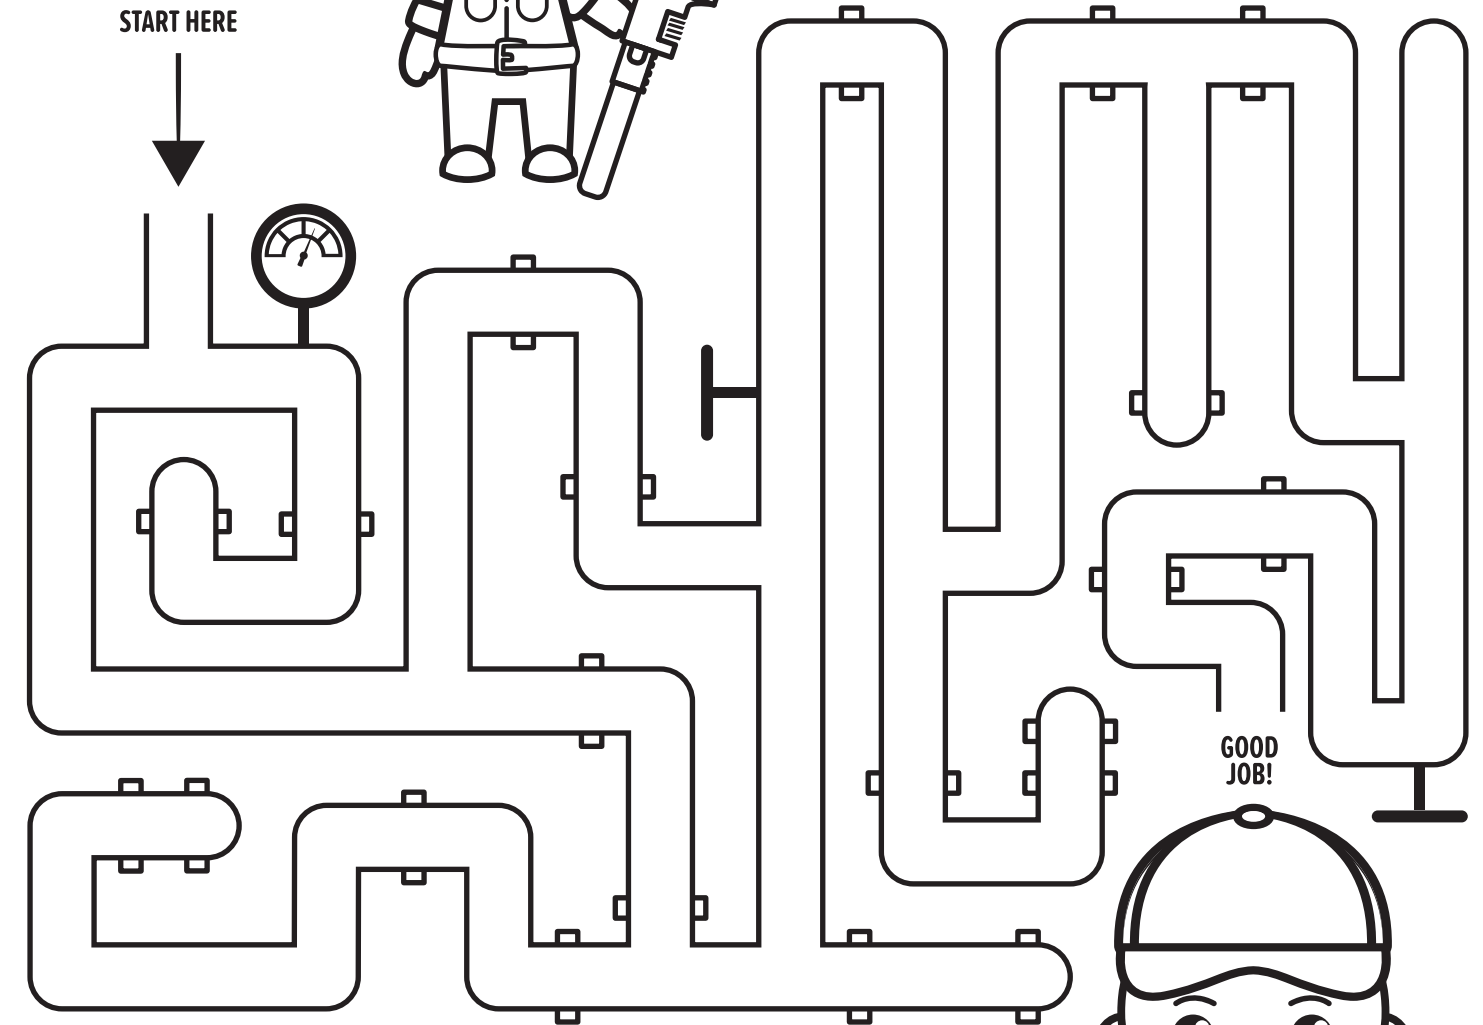

I'M A PLUMBER.

I am like a magician who works with water and pipes. I use my tools to fix sinks, toilets, and even underground sewer drains when they're not working properly. I make sure that water flows where it should and fix any leaks that might spring up.

HELP ME FIND THE PIPE FITTER!

START HERE

I'M A PIPE FITTER.

I put pipes together for things like water or gas to flow through. I always make sure everything fits snugly together so nothing leaks. It's like building a big puzzle with pipes!

MATCH THE TOOLS

TO THE RIGHT JOB.

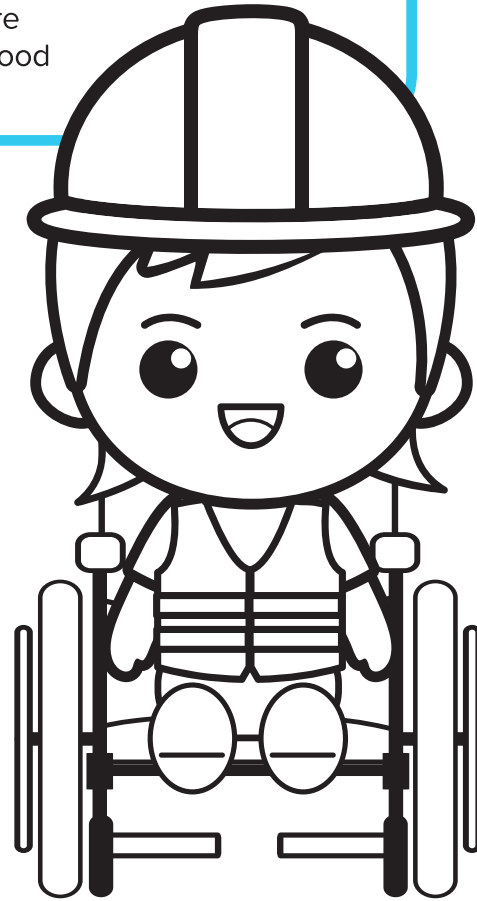

I'M A ROOFER.

My job is to make sure rain, snow, and sunshine stay outside where they belong. I use a ladder and hammer and materials like shingles or tiles to keep roofs strong and waterproof.

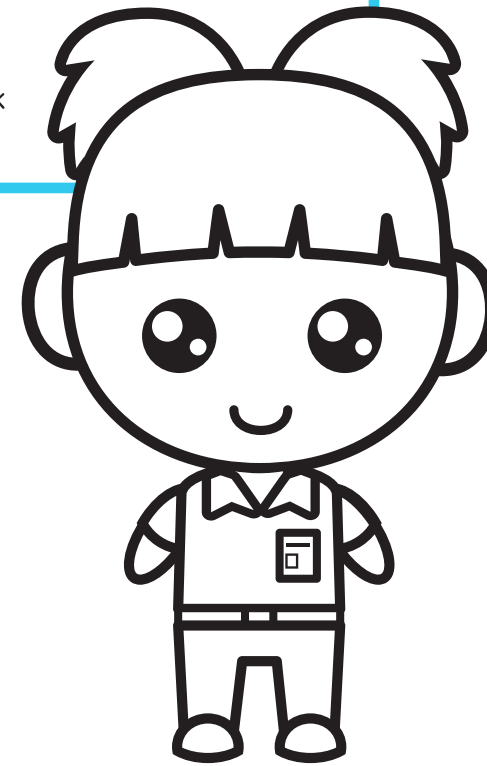

I'M A SAFETY ENGINEER.

I make sure everything is built and used in a way that won't hurt people. I also inspect equipment and machines to make sure they're good and safe.

I'M A CUSTODIAL WORKER.

I am an expert in sparkle and shine. I sweep, mop, and vacuum floors to keep them clean and tidy, making spaces look brand new!

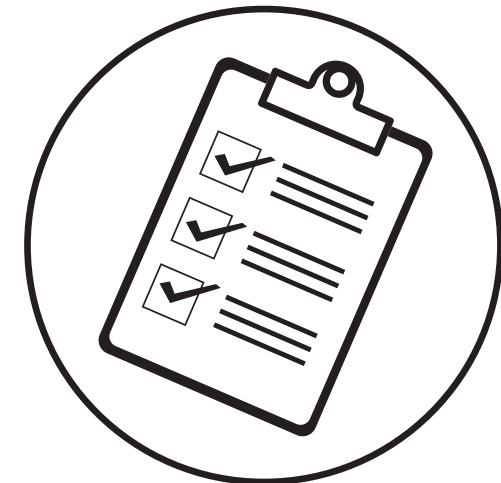

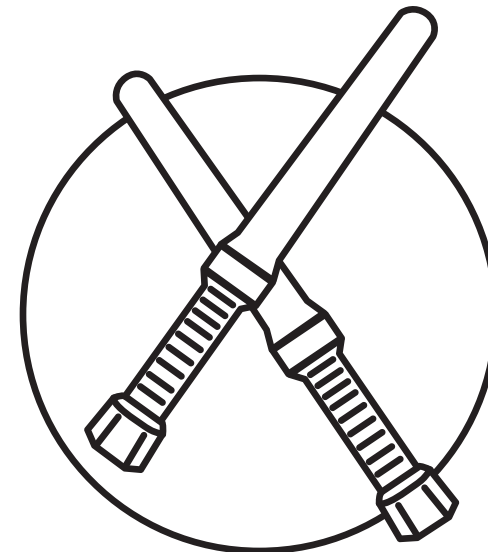

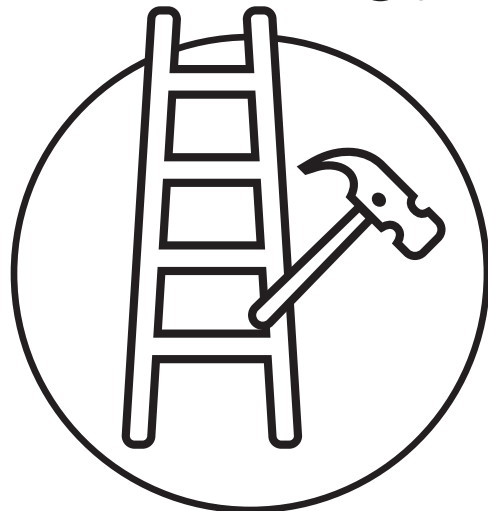

I'M A GROUND HANDLER.

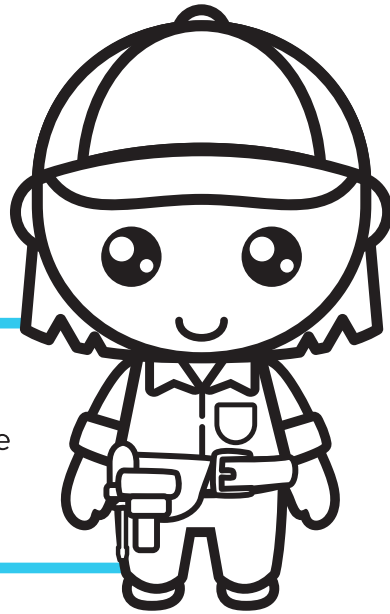

Ground handlers work closely with air traffic control and ground control to oversee tasks such as aircraft parking, towing, and safe taxiing of the aircraft.

DRAW A LINE FROM THE WORKER TO THE TOOLS THEY WOULD USE.

CARPENTER & ELECTRICIAN.

I'M A CARPENTER.

I make or repair things by using tools like hammers, saws, and drills. These tools help me cut, shape, and join wood together. I always measure carefully to make sure everything fits just right!

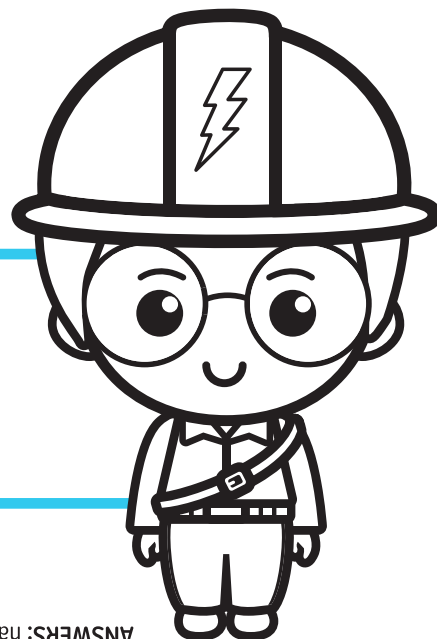

I USE A A M TO HIT NAILS.

I CUT W WITH A SAW.

I MAKE HOLES WITH A I L .

CABLES ARE PLUGGED INTO T L .

L H ARE POWERED BY ELECTRICITY.

I'M AN ELECTRICIAN.

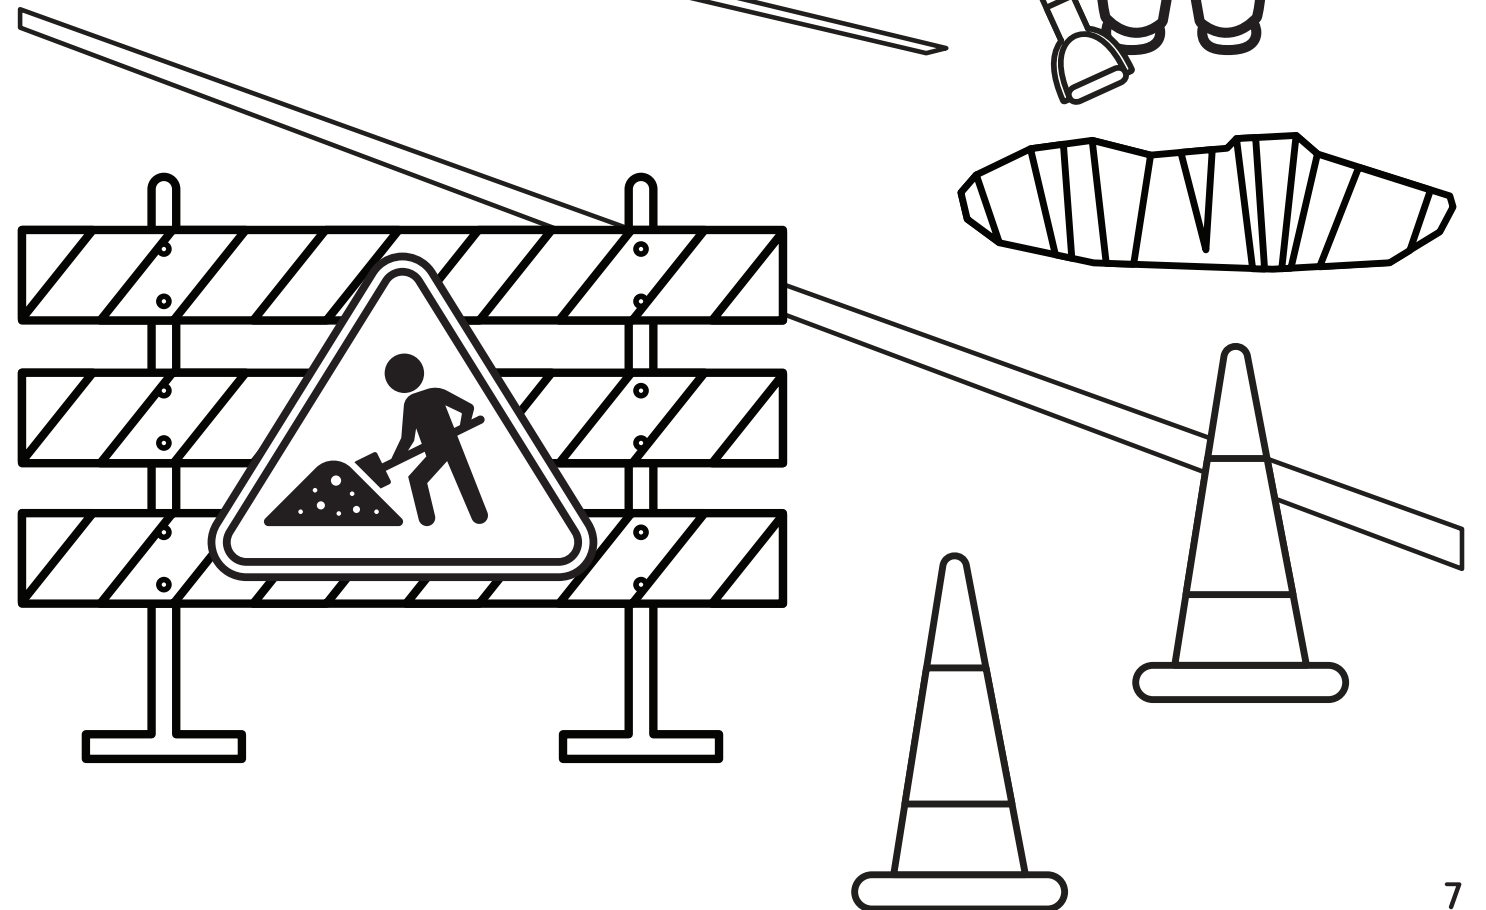

I keep everything bright and buzzing with energy, installing wires and outlets so we can plug things in and have lights whenever we need them. I make sure everything is safe and doesn't spark or cause fires.

CONSTRUCTION LABORER.

I'M A CONSTRUCTION LABORER.

I do lots of different jobs to keep things moving smoothly, like carrying materials, digging holes, and cleaning up. I work with the other builders to make sure everything gets done safely and on time.
